Rising Tide Charter Public (District)

Plans for the Use of ESSER III Funds:

The United States Department of Education (USED) is requiring two plans from all recipients of ESSER III funds:

- 1) A plan for the safe return to in-person instruction and continuity of services
- The requirement for this plan is likely met by your District Reopening Plan submitted to DESE in August of 2020, along with any subsequent amendments (see Tab 3 Assurances). It will need to be revisited and revised as necessary every 6 months, including soliciting stakeholder input and considering changes to CDC guidance.

 2) A plan for the Use of ESSER III Funds, based on broad stakeholder input, and addressing the following:
- The district's prevention and mitigation strategies, including extent district has adopted CDC recommendations (Step 4.4)
- . How the district will use its 20% reservation of ESSER III funds to address loss of instructional time with evidence-
- based interventions (Step 4.2 and Tab 6, Budget)

 How the district will spend the remainder of its ESSER III funds for allowable expenditures (Tab 5) and budget (Tab 6)

 How the use of ESSER III funds will respond to the cacdemic, social, emotional and mental health needs of all students,
- especially those disproportionately impacted by the COVID-19 pandemic (Tab 4.2, Tab 4.3), including:
 - students from low-income families

 - students of color
 - English learners
 - · students with disabilities
 - students experiencing homelessness
 - students in foster care
 - migratory students
 - · students who are incarcerated other underserved students

This application, when fully and thoughtfully completed, along with your District Reopening

Plans, will constitute the plans required by USED. These plans must be published on your website and must be accessible to families in a language they understand, either translated in writing or orally, as well as in an accessible format for those with disabilities.

You should expect that DESE will be collecting data and other information from you as a result of implementation of your plans for and use of ESSER funds.

par	t of the	egulations require that the stakeholder groups below be meaningfully consulted as planning process for use of ESSER III funds. Which of the following groups have you with? (check all that apply)	If you have not yet consulted with this group in planning for use of ESSER III funds, when and how do you plan to get their input?
let		Students	
2		Families	
let		School and District administrators, including special education administrators	
let		School leaders	
Id		Teachers	
let		Other educators	
let		School staff	
11		Unions representing educators and school staff	The school does not have a union, but we gather ideas from staff through surveys and discussion groups.
let		Tribes*	We are scheduled to meet with local leaders in October 2021
let		Civil rights organizations (including disability rights organizations)*	We are scheduled to meet with several organizations in October 2021
		Stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.*	We are scheduled to meet with a group of other stakeholders on October 7, 2021

TIP: The cells in the right column will be red until you either 1) check the box next to the stakeholder in the left-hand column or write your plan to consult the stakeholder group in the left-hand column.

*To the extent present in or served by the district

Evidence-Based Strategies, Interventions, and Supports:

Step 4.2 Describe how ESSER III funds, including the required 20% reservation, will be used to respond to students' social, emotional, and academic needs through evidence-based interventions, how progress will be measured, and how/if chosen interventions address disproportionate impact of COVID-19 on underserved subgroups. Select from the following list of evidence-based interventions and provide a narrative at the bottom of this step for any of your district's evidence-based initiatives that are not listed. Note: Your district's 20% reservation to address loss of instructional time must be spent on evidence-based interventions.

Enhanced Core Instruction	Our district is using ESSER III funds for this strategy	This strategy will address pandemic-related learning loss/disproportionate impact	What data will you use to measure progress?	Does this strategy/intervention address the disproportionate impact of COVID-19 on underserved student subgroups (each major racial and ethnic group, students from low-income families, students with disabilities, English learners, gender, migrant students, students experiencing homeleanness and students in fortex cray? If yes, please explain which group(s) are being served, what impact is being addressed, and how this strategy/intervention will provide support.
Expanding access to full-day, high-quality prekindergarten	Select	Select		
Purchasing and/or expanding use of high-quality, aligned instructional materials (any content area) and associated professional development	Select	Select		
Professional development for teachers and administrators re: culturally responsive teaching	Yes		In addition to using disaggregated data of student diagnostic tests to measure progress with culturally responsive teaching, we will review results of student, staff member, and family surveys to measure	Yes, this intervention directly addresses underserved student subgroups in our school community, including students from major racial and ethnic groups, students who are economically disadvantaged, English learners, and students with disabilities. The intervention is addressing the disproportionate impact of COVID-19 on students from underserved

Equitable Use of ESSER III Funds

How is your district taking educational equity into account when planning for expending your ESSER III funds? For example,

- 1) allocating funds both to schools and districtwide activities based on student needs, and
- 2) implementing an equitable and inclusive return to in-person learning by, for example, avoiding over-use of exclusionary discipline and creating a positive and supportive learning environment for all students.

1.) Rising Tide Charter Public School is a single-school district that is allocating funds and interventions to support students equitably in grades 5-12, the grades served by the school. 2.) The goals and interventions for the return to in-preson learning have been centrally guided by an equitable and inclusive approach to supporting students with their holistic needs as well as their development of skills, content knowledge, and understandings.

Step 4.4 CDC School Safety Recommendations

of 4.4 This information will come from your District Reopening Plan as well as any supplemental/revised reopening policies for your district.

Does your district have a joint of the policy or policies on this of the policy or policies on this of the policy or policies on this or the policy of policy but it is not described in your District Reopening plan, please briefly describe here. CDC Recommendation Plan? 1 Universal and correct wearing of masks Modifying facilities to allow for physical distancing (e.g., use of Yes Yes cohorts/podding) 3 Handwashing and respiratory etiquette Yes Yes Cleaning and maintaining healthy facilities, including improving Yes Yes ventilation Contact tracing, isolation, quarantine in collaboration with health departments This was not included in our reopening plan shared in Spring 2021, but has been shared with families in September, 2021. 6 Diagnostic and screening testing Yes Yes This was not included in our reopening plan share in Spring 2021, but was 7 Efforts to provide vaccination to school communities a part of information shared with families in August, 2021. The school Appropriate accommodations for children with disabilities with 8 Yes Yes respect to health and safety policies 9 Coordination with state and local health officials Yes Yes

TIP: Note that your district is not required recommendations to receive ESSER III funds. This data is being collected for reporting purposes.
